

DBIA's GSA Schedule Terms & Pricing

for Design-Build Training & Professional Education

Contract Number: GS-02F-105BA

Contract Effective: May 23, 2019 – May 22, 2024

Schedule
Contract

GSA Schedule Service

Acquisitions through GSA Schedules are issued using full and open competition. Prices have already been deemed fair and reasonable and Contracts are in compliance with all applicable laws and regulations, reducing evaluation cycles. Purchases can be made directly from a contractor's GSA Schedule Contract, eliminating time-consuming responses to complex RFPs and lengthy negotiations.

GSA has negotiated the prices, services and terms covering DBIA's training and professional development services under the program, so you're assured the best quality at the most economical price, making doing business with us an efficient and hassle-free experience.

BENEFITS OF ORDERING THROUGH THE GSA SCHEDULE:

- GSA Schedule pricing is pre-determined by GSA to be fair and reasonable
- All applicable regulations and competition requirements, including FAR and Competition in Contracting Act have been met
- Streamlined ordering procedures and faster order placement

Online access to contract ordering information, terms and conditions, up-to-date pricing and the option to create an electronic delivery order are available through GSA Advantage!®, a menu-driven database system, at GSAAdvantage.gov.

For additional ordering options, please contact DBIA or visit dbia.org.

These courses qualify for continuing education credit hours approved by AIA and DBIA.

**Facilities and Equipment for On-Site Courses: The client is responsible for all audiovisual equipment and facilities necessary to be utilized for courses delivered on-site. Should the client not have access to an appropriate facility for the course delivery in the Washington, D.C., area, DBIA may provide its conference room (suitable for up to 20 attendees) and charge the client \$500/day for its use. If DBIA's conference room is not available or if the client desires delivery outside the Washington, D.C., area and does not have its own facilities, DBIA will arrange for the facilities and will bill the client at cost plus the addition of a 10 percent general and administrative overhead fee. In like manner, if the course to be delivered requires computers, printers and/or internet access for the students and the client cannot provide them, DBIA will arrange for the necessary equipment and bill the client at cost plus a 10 percent general and administrative overhead fee. Once the client contractually commits to the delivery of the course and DBIA's provision of the facility and/or equipment, the client is responsible for any costs incurred by DBIA associated with facilities and/or equipment, including the general and administrative overhead fee, as applicable, in the event of a cancellation by the client within 30 days of the scheduled course delivery.*

About DBIA

As the authority on Design-Build Done Right®, DBIA members power industry transformation. Comprised of architectural, engineering and construction professionals, as well as academics, students and project Owners, our members collaborate and innovate to deliver some of America's most successful projects.

Who Are DBIA Members?

Our 5,000+ members may have joined DBIA for access to the nation's best design-build education and professional certification that inspires both projects and futures, but most of them renew their dues each year because they've witnessed the power of collaborating with like-minded people. By promoting the value of design-build project delivery and teaching the effective integration of design and construction services, we ensure success for members across disciplines.

Membership Benefits

EDUCATION AND PROFESSIONAL DEVELOPMENT

- Discounts for everyone in your organization on all educational programs, conferences and publications. *(IP)*
- Individual members receive discounts on all educational programs, conferences and publications.
